Dues are not deductible as charitable contributions for federal income tax purposes. However, dues may be deductible as ordinary and necessary business expenses. A percentage of your NPDA and NPGA membership dues supports legislative advocacy. Federal laws expressly exclude this percentage from being included in the amount claimed as an ordinary and necessary business expense. The NPGA estimates its advocacy percentage for the year 2022 to be 12% and the NPDA estimates its advocacy percentage for the year 2022 to be 20% of your total membership dues.

Dues for retail and wholesale propane operations are paid on a per-plant basis, with the above dues payable for each facility. **If your company has multiple locations, please photocopy this form and complete one for each location, including contact information for an accredited representative at each location.**
